

# YAC-HMM

## 1,1,3,3-Tetramethyldisiloxane

CAS No. 3277-26-7

### Specifications:

Items	Specification
Appearance	Colorless transparent liquid
Assay	≥99.0%
Chloride	≤10ppm
pH	6~7

**Package:** 130Kg Drum

### Application:

- Raw materials for hydrogen polysiloxane.
- High performance organic silane surface activity agent
- Pharmaceutical raw materials

**Storage:** Flammable liquid. Keep container tightly closed in a dry and well-ventilated place. Keep away from heat and sources of ignition.

**Recommend Shelf Life:** 12 months
