

# YAC-IN423

## Iso-Butyltriethoxysilane

CAS No. 17980-47-1

Specifications:

Tests	Specification
Appearance	Colorless transparent liquid
Assay	≥98.0%
Refractive index	1.3950~1.4050

**Package:** 180Kg/Drum or 850Kg/IBC

**Application:**

- It can be used as a surface modifier to generate hydrophobicity (e.g. on concrete, glass, inorganic pigment, or mineral fillers);
- When diluted with a suitable solvent, it can be used to prepare waterproof products. When properly applied, the formulated product will penetrate and provide waterproofing by chemical reaction with the cement-based substrate. The treated substrate is hydrophobic and retains its original appearance.

**Storage:** Keep away from open flames, hot surfaces and sources of ignition. Keep container tightly closed.

**Recommend Shelf Life:** 12 months.
