

YAC-TEOS40

Tetraethyl orthosilicate

CAS No. 78-10-4

Specifications:

Tests	Specification
Appearance	Colorless liquid
Initial boiling point	172-179
Flash point	48°C
Ethanol	≤2%
Content	≥98%

Package: 25Kg Drum.

Application:

- Heat protection coatings;
- Chemical resistant coatings;
- Silane coupling agents and organic synthetic intermediates.

Storage: UN 1292 3/PG 3. Keep away from open flames, hot surfaces and sources of ignition. Keep container tightly closed.

Recommend Shelf Life: 12 months
